

Richmond Conservation Commission

August Meeting Minutes

The Richmond Conservation Commission held its regularly scheduled monthly meeting August 5th, 6:00 p.m. at the Bennett Town Forest. Members Dick Drew, Gary Hebert, John Randall and Jeff Taylor were in attendance.

The purpose of the meeting was to prepare the area near the parking lot for the August 21st public educational outreach program. UNH Staff member Steve Roberge and the new Cheshire County Forester, Matt Kelly will lead a discussion about how our forests have evolved through a process called Forest Succession.

The Commission members cut brush, pruned trees and Gary Hebert graded the entrance to the Bennett Forest Road and parking area with his tractor and York rake.

The meeting adjourned at 7:50 p.m. as darkness fell.

Respectfully Submitted,

Jeffrey Taylor
